Official Supplier of Well-being

# The Concept

Imagine you are floating in total comfort on water that has been warmed up to a pleasant temperature while being massaged by invisible hands! You simply lie down to feel how two warm jets of water can create a feeling of well-being and deep relaxation within just a few minutes! And to best part is: **no need to undress** for more comfort, rapidity & privacy!

# The Benefits

- Reduce muscle tensions (neck, back, lumbar, legs) related to stress pathologies and states of exhaustion
- Relief cervical, spinal and lumbar pain related to prolonged unsupported sitting
- Faster muscle and joint recovery after sport session
- Reduce venous and lymphatic congestion symptoms due to sitting or standing for long periods

## warm water bed
